

High Mount Brake Light

Visi-Light® by Hamsar #60986 meets or exceeds both "SAE" and "E" standards.

Visi-Light® places safety where it should be - at eye level.

Reduces rear end collisions up to 53%

Visi-Light® has been designed to fit rear windows and can be easily adjusted to suit most vehicles.

The bulb is replaceable and of standard type. Installation is quick and easy.

All material necessary for installation are contained within the Hamsar Visi-Light® package.

With a Visi-Light®, your car looks up to date and has the latest safety feature.

Available in "bulk pack" and/or "blister"
